

Flutter Roadmap

Stage 01 – Introduction to Programming

Prepared by:

Momen Mohammed Kraizem

Computer Engineering Graduate

Practical Exercise 1

Program to Add Two Numbers

calculates the sum of two numbers.

Algorithm

1. Start.
2. Read the first number.
3. Read the second number.
4. Calculate the sum.
5. Display the result.
6. End

Inputs	Process	Output
First Number Second Number	Calculate: $\text{Sum} = \text{First Number} + \text{Second Number}$	The calculated sum

Practical Exercise 2

Calculate Student Average

Algorithm

1. Read the first grade.
2. Read the second grade.
3. Read the third grade.
4. Calculate the average.
5. Display the average.
6. End.

Inputs	Process	Output
First grade Second grade Third grade	Add the three grades. Divide the total by 3 to calculate the average.	Student average.
